

We want you to experience Jingdezhen, China!!!

The Pottery Workshop (PWS) was established in 1985 in Hong Kong and the Jingdezhen PWS has been operating in Jingdezhen since 2005. We are located in The Sculpture Factory, a place where sculptors and potters along with many other artisans congregate to create and fire everything made of fine Chinese porcelain.

In May of 2009, The Pottery Workshop Education Center opened its doors to the public. This building provides a 560 square meter space that is specifically designed as a lecture hall/studio for residents and groups to visit Jingdezhen.

PWS has created a ceramic center where groups from around the world can survey the skills of traditional artisans while providing some comforts of the western world.

The cost of room/board/guide/studio will depend on your interests, how many people are in your group and the extracurricular activities you choose. Many groups choose to invite local masters for hands on workshops, visit various factories, and visit villages in the region.

There is a hostel in The Sculpture Factory run by Hostels International, for those seeking dormitory style housing. Local hotel accommodations are also very affordable and in close proximity to PWS.

As an example, a group came for 3 weeks for: demonstrations, hand-on studio time, visited Yaoli Village, Gaoling Mountain, The Dragon Kiln, the Ancient Kiln Museum, stayed at Jing Ma Hotel (just outside the back gate of The Sculpture Factory) and had various workshops for less than \$400USD per person/week. This includes housing, meals, local transportation, instructors, guides and materials for workshops.

On behalf of PWS in Jingdezhen, I would like to invite you and your institution to visit us in China for an unforgettable experience. With the aid of your institution's grants, scholarships, student senate funds, and club sales, we can make this happen. Jingdezhen is a place with a deep history of porcelain object making and we look forward to your arrival.

Smaller groups (4-10 people) may be eligible to take part in our inclusive Residency Program (2800RMB/person/week), which includes 24 hour access to air conditioned studios, room, board and studio assistance. Live work and eat at The Pottery Workshop.

Larger groups (6-40 people) may be eligible to take part in Education Center Residency Program (1900 – 2500RMB /person/week), which includes studio space in the Education Center open 9am-10pm, coordinate meals, activities and housing at nearby establishments. This program is tailored to your group.
